

Community Engagement and Empowerment Plan

- Determine the mode and level of engagement in the ERB process
 - Using your partially filled network analysis table and public participation spectrum, fill out column "E" in the network analysis table for each actor on what level of engagement they will be invited to contribute to the ERB.
 - Optional, add actors to the following template the summarize the audience levels.

- Our team has made suggestions for who should be engaged in activities for activities throughout the ERB process. Consider your team's engagement goals and determine how each audience level will be engaged throughout the ERB process by completing the following table. Include which audiences will be informed, consulted, and invited to participate in the activity.

Key Participants		Important Actors		Public
Chapter 3: Hazards, Disasters, and Threats Storytelling Activity	Collaborate on preparation for workshop, invited to participate, consulted on feedback	Invited to participate, consulted on feedback	Invited to participate	
Chapter 3: Mapping Vulnerabilities	Invited to participate	Informed on progress
